The scientific program was excellent and the AUA faculty were able to engage with other colleagues during their live Q&A sessions. We truly appreciate the opportunity to collaborate with colleagues globally and we would like to congratulate the CAU team on a successful event. We hope that the attendees enjoyed the program and found the AUA sessions informative despite the challenges of the pandemic.

The AUA values our partnership and we look forward to continuing future collaborations together and exploring similar opportunities to provide educational programming to the global urologic community. We really look forward to seeing you in person in 2022.

Sincerely yours,

John D. Denstedt, MD, FRCSC, FACS, FCAHS
