

## Joint Session of the European Association of Urology (EAU) and the Confederación Americana de Urología (CAU)

Urology beyond Europe

Friday 1 July  
13:15 - 15:45

**Location** Green Area, Room 1

**Chairs** A.R. Rodriguez, Rochester (US) *[Accepted]*  
A. Stenzl, Tübingen (DE) *[Accepted]*

### Learning objectives

The aim of this session is to show the possibly varying strategies for clinical scenarios in Europe and Latin America. The scenarios include case based debates and state of the art lectures in the field of non muscle invasive bladder cancer, upper tract urothelial cancer, recurrent presumably localised as well as oligometastatic prostate cancer, treatment options for benign prostatic enlargement and endoscopic access variations of upper tract stone treatment.

All these topics will be presented and discussed by recognised expert representatives from both EAU and CAU.

Attendees will be confronted and thus be able to learn updates on the diagnosis and management.
